LABORATORY FURNITURE

CUSTOMISED CHEMICAL RESISTANT

conditionaire.com.au

About Us

With a legacy of excellence in fume cupboards, Conditionaire International paves the way in the design, manufacturing, and installation of high-quality lab furniture.

Headquartered in Marrickville, our commitment to practical, quality and precision reflects in every lab furniture project we create.

Our team of dedicated professionals ensures that our products not only meet but exceed industry standards.

We offer customized design with a fast turnaround time due to manufacturing in Sydney NSW.

Our Products

We have a standard range of laboratory furniture products however we offer customized site specific designs to suit your application.

See our range of furniture products below:
